Tree Supply Overview

Launched during 2021, our Tree Farm Supply service offers a high-quality and value-for-money supply-only service – in response to requests by our clients. Our broader Tree Stock supply includes additional quality trees purchased by us from private clients.

You can visit our Tree Farm operations anytime our Sales Team can arrange a visit for you.

All containerised trees are made available for third party collection, enabling contractors to transport the trees to site and oversee the planting and maintenance processes themselves.

Tree Farm and broader Tree Stock Supply offers you a value-based supply-only option, without a warranty.

As a client, you can select appropriate smaller trees of quality – typically between 500lt and 1000lt. If you require smaller trees than this, we'll supply them to you on a grown-to-order basis.

Tree Farm: Other Services

Re-Plant & Recovery

If you have been working on a project and are not happy with the performance of trees supplied by a third-party and/or planted by a nominated contractor, we now offer a Re-Planting & Recovery service, designed to support you in making good, those tree components of a project that you feel are poorly performing.

Civic Trees

Civic Trees is the integrated supply and commissioning of new grown-to-order and farm trees into new developments, refurbished streetscapes and other similar urban projects. With guaranteed enhanced canopy coverage performance, lower costs are offered on a unique 'Fixed Fee & 5 - year Warranty' model, it's an exclusive offering and is a departure from the current industry model.

Supply & Plant

We supply, prepare, transport and plant trees typically between 100lt and 1500lt and we're also happy to meet supplied specifications. By managing the whole process, we are able to offer a 3-month Warranty with options to extend this further if required.

Please contact your Account Manager or a member of our Sales Team for more information

Directory of Tree Stock

The following pages provide details of our collection of species – some are grown and nurtured to Arbor Centre “Best Practice” standards at our Tree Farm Operation in the Swan Valley, others have been carefully selected and procured from private sources.

Species: *Agonis flexuosa*

Common Identifier: **WA Weeping Peppermint**

Directory of Tree Stock

Species: *Araucaria columnaris*
Common Identifier: Cook Island Pine

Directory of Tree Stock

Species: *Araucaria heterophylla*
Common Identifier: Norfolk Island Pine

Directory of Tree Stock

Species: *Archontophoenix cunninghamiana*
Common Identifier: **Bangalow Palm**

Directory of Tree Stock

Species: *Beaucarnea recurvata*
Common Identifier: Ponytail Palm

Directory of Tree Stock

Species: *Bismarckia nobilis*
Common Identifier: **Bismarck Palm**

Directory of Tree Stock

Species: *Brachychiton acerifolius*
Common Identifier: Illawarra Flame Tree

Directory of Tree Stock

Species: *Brachychiton rupestris*
Common Identifier: Queensland Bottle Tree

Directory of Tree Stock

Species: *Casuarina equisetifolia*
Common Identifier: Coastal Sheoak

Directory of Tree Stock

Species: *Casuarina obesa*
Common Identifier: Swamp Sheoak

Directory of Tree Stock

Species: *Citrus aurantiifolia*
Common Identifier: **Key Lime**

Directory of Tree Stock

Species: *Citrus sinensis*

Common Identifier: Washington Naval Orange

Directory of Tree Stock

Species: *Corymbia calophylla*
Common Identifier: Marri

Directory of Tree Stock

Species: *Corymbia maculata*
Common Identifier: Spotted Gum

Directory of Tree Stock

Species: *Cupaniopsis anacardioides*
Common Identifier: **Tuckeroo**

Directory of Tree Stock

Species: *Delonix regia*
Common Identifier: Poinciana

Directory of Tree Stock

Species: *Dracaena draco*
Common Identifier: Dragon Tree

Directory of Tree Stock

Species: *Dracaena marginata*
Common Identifier: Madagascar Dragon Tree

Directory of Tree Stock

Species: *Erythrina indica*
Common Identifier: Coral tree

Directory of Tree Stock

Species: *Eucalyptus gomphocephala*
Common Identifier: **Tuart**

Directory of Tree Stock

Species: *Ficus benjamina*
Common Identifier: Weeping Fig

Directory of Tree Stock

Species: *Ficus carica*
Common Identifier: Fig edible

Directory of Tree Stock

Species: *Ficus microcarpa* 'hillii'
Common Identifier: Weeping fig

Directory of Tree Stock

Species: *Ficus rubiginosa*

Common Identifier: Port Jackson Fig

Directory of Tree Stock

Species: *Fraxinus raywoodii*
Common Identifier: Claret ash

Directory of Tree Stock

Species: *Gleditsia triacanthos*
Common Identifier: Honey Locust

Directory of Tree Stock

Species: *Howea forsteriana*
Common Identifier: **Kentia palm**

Directory of Tree Stock

Species: *Jacaranda mimosifolia*
Common Identifier: **Jacaranda**

Directory of Tree Stock

Species: *Liquidambar styraciflua*
Common Identifier: Liquidambar

Directory of Tree Stock

Contract Growing

We're able to work with you on your forward planning for tree procurement.

We'll utilise our Best Practice standards throughout all stages of propagation, growing-on, containerising and carrying out any formative pruning required, getting your trees into great shape, ready for collection or delivery.

With our tree farm facilities and our broader specialist team, you're in good hands.

**Please feel free to contact
